

# WOODLAND STEWARDS

A Regional Extension Program for Landowners

*Learn how you can take better care of your woodlands in this exciting (and free) webinar course for landowners or those interested in forestry.*

**Thursdays -- 6 TO 8 PM CT**

Dickson County Emergency Management Services (EMS) building at 284 Cowan Rd in Dickson

**Feb. 21, 2019**

Getting to know your woodlands

How has past land use shaped our forests? Why are your woodlands important? Learn what you need to know about management plans.

**Feb. 28, 2019**

Managing your woodlands

What should you do with neglected woodlands? Get information on pine and hardwood management.

**Mar. 7, 2019**

Identifying and managing woodland threats

We will cover Invasive plants, insects (native and exotic) and diseases (native and exotic).

**Mar. 14, 2019**

Wildlife and woodlands

Learn about wildlife habitat requirements and how to enhance habitat for game and non-game wildlife.

**Mar. 21, 2019**

Optional extension-What might you want to do?

Depending on attendees' interests, this could be a field day or discussing local conditions.

This program is sponsored by the cooperative extension offices of the Southeast, Midwest and mid-Atlantic regions. The West Highland Rim Forestry Association is hosting these sessions for our home counties and surrounding area. Local foresters will be there to help answer questions.
